#### Notes:

- (a) Following the establishment of subsidiaries during the year ended 31 March 2017, WKCD started presenting consolidated statement of accounts. In addition, M+ Collections Trust (the "Trust") was established during that year. As the WKCD Group does not have control, the latter does not form part of the WKCD Group.
- (b) From March 2017, the WKCD Group has assigned the legal interest of the museum collection to M Plus Collections Limited (the "Trustee") which holds them on behalf of the Trust for the benefit of the Hong Kong community. The balances as at 31 March represented the museum collection to be accessioned to the Trust.
- (c) Other assets mainly include intangible assets (mainly include computer software, licences and systems and systems in progress etc.), right-of-use assets, bank interest receivables, trade and other receivables.
- (d) Upon the establishment of the Trust in March 2017, WKCD made a non-cash contribution of HK\$1,214 million from the endowment fund to the Trust. Settlement of the contribution subsequent to the Trust's establishment is by way of transfer to the Trust of museum collection held by WKCD, and the payment by WKCD for the Trust in respect of future acquisition of museum collection.
- (e) Other liabilities mainly include payables and accruals for construction contracts, deferred income, lease liabilities, trade and other payables.
